**Part B for** July 1940

**SUBJECT.**

Notification re: Trading with Enemy.

Serial No.

From

The Secretary to the Hon'ble the Resident

F 34/40/W dated 15th July 1940

forwards a notification of the Govt of India under 84(3) of the Defence of India Rules for similar action here

Rule 84 has been amended in January 1940. Under sub-rule (3) as amended, Government may prohibit, restrict or control import or export or carriage of all goods or goods of any specified description.

Under the present notification of the Government of India import into British India by air or land across any customs frontier of goods which are the property of an enemy or which are the manufacture of any enemy territory is prohibited. An exception is made in the case of imports under an authority given by Government

So far as Mysore is concerned, such goods reach Mysore only through or from British India. There does not appear to be any direct import whatever from enemy territory.

The Notification will cover cases of import into Mysore of medical supplies, photographic materials etc., which are the manufacture of enemy territory. We are getting such supplies at present from the Controller of enemy property and if a notification were to issue here, exceptions will have to be made in their case.

A similar notification therefore appears in Mysore to be unnecessary. The British Indian Notification would be enough to prevent entry into Mysore of unauthorised goods. However, the British Indian Notification may perhaps be republished here for general
